UNIVERSAL ROLLING SPIDER

For use with castors on level floors, or with skateboard wheels on track.

Built from high tensile alloy box sections, black anodised. Centre casting painted black. This rolling spider will carry almost unlimited weight & any make of tripod, & remain absolutely rigid in operation. It folds flat & locks for carrying.

This unit fits into a "Peli Case 1600" including both sets of wheels & a "Trailing Arm". Both castors & skateboard wheels are attached to the Rolling Spider by a thumbscrew, & are quickly detachable.

The "Trailing Arm" enables the Rolling spider to be used on curved track.

There is a central mounting position, to fit a "European Coupling".

WEIGHT:

6 Kgs. With one set of wheels attached.

10 Kgs. With both sets of wheels & Trailing arm.

16 Kgs. Complete in its case.

CASE SIZE:

21 cm x 50 cm x 61 cm.
